We don't just talk.
We deal.

CHAIRMAN'S MESSAGE

Dear Potential Partners,

The world is resetting. Old paradigms are shifting and, in this new geopolitical and economic landscape, Africa emerges not as a spectator but as the definitive arena of opportunity. The Africa Economic Forum is the platform where this new reality is forged.

We are The African Table. Africa extends the invitation, sets the agenda and defines the terms of truly strategic, win-win cooperation. Our model is deliberate: a perpetual, year-long journey across the continent, diving deep into each critical sector.

In 2026, under the theme 'Global Realignments', we will connect global capital with Africa's immense opportunities, build the alliances that matter and unlock strategic value. This is not just another forum — it is where Africa's future is designed, deal by deal.
